## President's Message

We have had an interesting quarter. First we had the Tampa Bay area meet in Largo in January, with the "Night at the Museum" the night before the meet. Then several of us manned our TCA Southern Division booth at the "World's Best Hobby on Tour" event at the Tampa Convention Center. Then, of course, we had our own "World's Best Hobby", Southern Division style, in Stuart, FL.

The "Night at the Museum" went well, with the owners showing various layouts and displays. It was held at the newly-opened Tampa Bay Toy Train Museum in St. Petersburg. The Southern Division provided pizza and drinks. We also made a donation in our name to help run the fledgling museum.

I had requested, and received, a complimentary information booth for the Southern Division at the "World's Greatest Hobby on Tour" show in Tampa on March 19-20. We had many volunteers to help us staff the booth. I'd like to especially think Jim Spangler, Mike Powell, Linda & Steve Harris, and Roy Lash, who all attended. There were other volunteers, but they lived fairly far away, so I told them they didn't have to drive so far, with the high price of gas. I also met with Lionel and Williams executives to discuss donations for our layout use at meets and the TCA layout at the proposed Kids museum in Jensen Beach. Lionel donated a 2011 CSX train set for our immediate use (see it in the 2011 Ready to Run Lionel catalogue). Williams stated they will support us when the museum layout gets going.

The Stuart meet was outstanding. The attendance was huge, we had five operating layouts, the folks at the Columbia Club took care of us really well, we had gifts for every kid that came, and some great door prizes. Congratulations and thanks to our Meet Host, Al Galli, and our new Vice President, Jim Herron, for organizing and promoting the meet.

The Jacksonville Meet is the next up. Read the Meet Story elsewhere in this issue. Be sure to note the new location – the building at the Hendricks Day School is larger, cheaper and better lit than the Orange park Marriott.

Also, the Southern Division Directors are contemplating offering a commemorative Lionel freight car, depending on interest. If successful, this may be the start of a series leading up to our 50<sup>th</sup> anniversary. The cars will be Florida-themed, depicting various cities or locations in Florida. Don't miss getting the first one. See the story about the "Submarine car".

### Southern Division Member John Dicrisci's Layout Featured in Classic Toy Trains!

John Dicrisci had only a short wait for his incredible "Retro Postwar Layout" to appear in the May 2011 issue of Classic Toy Trains magazine. Check out his article and photo spread on pages 46 through 53.

### BOX OF TRAIN ITEMS LOST AT LARGO MEET.

A box of train items was misplaced after the Largo meet in January. They were last seen outside of the MinnReg Building after the show, near the sidewalk northwest of the Building. The box was approximately 18 inches square by 12 inches deep. Inside were 15 to 20 HO transformers under scenery materials including a can of glue and a box of green grass. The box was heavy, so it would not have been thought to be empty. If anyone knows the whereabouts of this box, please contact Bill Miller at 727-392-0486.

### Volunteers Needed to Staff the Southern Division Booth, By Michael B. Powell

The Southern Division plans to have a booth at the upcoming Great Train Exposition shows coming to Florida this summer. The first will be held at the Central Florida Fairgrounds on August 6 and 7, and the second will be at the Florida State Fairgrounds on August 13 and 14. The booth will have a backdrop with signs explaining the mission of the TCA and the Southern Division, and will have a small operating layout to demonstrate running toy trains.

Volunteers are needed to staff both shows. If you are planning to attend one or both of these shows anyway, why not volunteer for an hour or two at the Southern Division Booth. One big advantage is that as a volunteer, your admission to the show is free. Plus you will get to interact with other Southern Division members and potential members, in addition to the many kids that like to watch the toy trains run.

If you are interested, please contact either Arnie Travitsky at 407-260-8599 for the Orlando Show or Charlie Anyan at 727-345-0288 for the Tampa Show. Hope to see you there!

## SOUTHERN DIVISION WINS NATIONAL AWARD

The Southern Division has won the first quarterly award in the National TCA annual Membership Drive. Every year TCA has a "Challenge" to see which division can sign up the most new members to TCA. So far in this year's contest the Southern Division has signed a greater percentage (based on number of members in the Division) than any other division in the TCA. This is primarily due to efforts on the part of the Board of Directors to push for new members, and our presence at major train shows. For example, we have had a Southern Division booth at the latest "World's Best Hobby on Tour" show in Tampa, and plan to have a booth at the "Great Train Exposition" Show at the Central Florida Fairgrounds in Orlando and at the Florida State Fairgrounds in Tampa, both in August. See accompanying article on Volunteers Needed. Incidentally, the prize is a \$200 gift certificate from the TCA museum. We plan to use the certificate to get nice door prizes for Southern Division meets.

The meeting was adjourned at 4:30 P.M. Recorded by M. Powell, Treasurer, TCA Southern Division

## Southern Division Board of Directors Meeting Minutes, Friday, March 25, 2011

President Anyan called the meeting to order at 3:07 p. m. In attendance was President Charlie Anyan, Secretary Dienzel Dennis, Treasurer Mike Powell, Past President Steve Harris, Past President Arnie Travitsky, and guest Al Galli, the Stuart meet host.

Mr. Galli reported on tomorrow's meet. Everything seemed to be ready to go with 39 different table holders filling 74 total tables. (All tables have been sold) There are eight gratis tables for displays and Club items. The tables are already set up and assigned and a test track is also available. We discussed advertisement for this meet as well as the ongoing advertisement debate. The board seemed very satisfied with the newspaper, radio, magazine, and flyer ads, as well as 400 post cards mailed to certain people. Set up will start in the morning at 7:00 with doors open to TCA/SD members at 9:00 a.m. The general public will be admitted at 10:00 @ \$5.00 per adult.

**Continued Next Page**

## **Southern Division Board of Directors Meeting Minutes, Friday, March 25, 2011, continued**

We discussed the continuing problem of some tables showing up at 6 feet instead of 8 without our prior knowledge. Mr. Dennis recommended that all future ads state that all 8 foot tables will be assigned first and if no more are available, the 6 foot tables will then be assigned. Everyone agreed and it was noted that this will be included in future ads.

Mr. Galli reported on the status of the "Children's Museum of the Treasure Coast" Everyone seemed pleased with the progress and the SD will be involved to some extent. Mr. Galli left the meeting at this time to attend to other business.

President Anyan reported that the SD won an award from the TCA for signing up new TCA members. We received a certificate/plaque plus a gift certificate for \$200.00. Door prizes will be purchased with this money from the TCA store.

The minutes of the last meeting were not read as they had already been approved and published in the last "Layout". Mr. Dennis recommended and it was agreed that minutes will no longer be read at future board meetings unless necessary for the business at hand.

In Jeff Sawyers absence, the President reported on the status of the Jacksonville meet in May. Currently there are no open houses available. Arnie is going to work on this for the club. The meet hall is in a Church/School gymnasium with 7,000 sq. ft. Concession stands will be available by church members and our meet hotel will be the Hampton Inn with rates starting at \$65.00. Everything is very conveniently located.

The Lake Worth meet will again be held on August 20 in the Polish Club with Mike Setzer as host.

Secretary Dennis reported that as of last night, we have 448 active members. The last number assigned was 2579. He requested that every one please inform him of any changes in emails, phone changes, address changes, etc. He can only put into our records the correct information that is made available to him. Report accepted as presented.

Treasurer Powell distributed the financial report on the Largo meet. Bottom line is that it was a very successful meet with a \$1,256.47 profit. Report accepted as presented.

Vice President Herron joined us as soon as he got off work from his office job. He presented a South Florida Submarine Car for us to consider as a possible Southern Division Car. There was a lot of discussion and questions concerning the graphics, cost, selling price, etc. We will have the car available at tomorrows meet and judge the interest shown by the membership. The final decision will be decided in the very near future.

The last old business concerned revisiting the problem of table helpers who come into the show, try to get their own table, or sell their trains off a members table, etc. without being a TCA or Southern Division Member. After a lot of discussion, a motion was made, seconded, and passed to finally answer this problem. It reads, "All table holders and Helpers must be TCA members, or a spouse, or children under the age of 18."

### **New Business:**

We discussed the Maitland meet and what can we do to top last year's event. Some options are to return to Clark's open house again, the possibility of the steam train picnic at Bruce's house, and the back lot tour at the Disney Railroad. The banquet on Saturday after the meet should be continued. The board will continue to work on making this meet successful.

The starting time for all meets was debated and it was generally agreed on to keep it the way it is now. We should not have different start times for different meets since it would only mess up the member's arrival time.

Should we return to having new applicants leave the building so we could vote on them officially becoming members? It was generally thought that if they were able to qualify for membership in the national club, they would also qualify for the Southern Division. It was decided to just introduce new members who joined at that particular meet.

Mr. Powell will put a request in the "Layout" for members to volunteer to help man a Southern Division booth at the train Expo in August in both Orlando and Clearwater.

The subject of per diem and/or mileage for BOD members to attend BOD meetings was discussed. There was no decision and no motion to do so.

The meeting was adjourned at 6:21 P. M. Respectfully submitted, Dienzel Dennis, SD Secretary

# TCA Southern Division Submarine Car

The Southern Division of the TCA is producing a Lionel commemorative car, the USS MIAMI. Production of this car will be extremely limited to only those who purchase this car in advance. This Lionel factory-produced Submarine and Flat Car in "O" Gauge will be painted by an independent artist in Art-Deco colors, reminiscent of the glory days of the South Florida Miami area (The photo is the prototype – the actual submarine will say USS MIAMI and have the USS MIAMI logo, shown below, on the side. Other details may vary from the prototype.). It features die-cast metal sprung trucks, and an original Lionel box, modified to say **SSN-755**. This car is hopefully the first in a series of cars to feature cities, places, and events in Florida history, leading up to our 50<sup>th</sup> anniversary as a TCA Division. Don't miss the first car in this series.

The USS MIAMI is a real submarine (**SSN-755**). It is a [United States Navy](#) nuclear [attack submarine](#) of the [Los Angeles class](#). Launched in 1988, she is the second U.S Navy ship to be named for [Miami, Florida](#). Although the USS MIAMI is a serious weapon, the toy submarine is only meant to commemorate the ship, and is intentionally produced in bright colors to emphasize that it is only a toy.

Anticipated delivery is expected to be by Christmas this year. Cost of the car is expected to be \$79.00 including shipping. Canadian and foreign orders add \$10.00 extra for shipping. Any profits will be used to benefit activities and operations of the Southern Division of TCA.

If you are interested in purchasing the USS MIAMI commemorative flat car with USS MIAMI submarine, or would like more information, contact the Southern Division administrator for this program, Jim Herron, our Vice President, at (340) 643-0006, or email at [jimwherron@yahoo.com](mailto:jimwherron@yahoo.com). If you just want to order one for sure, email Jim and send your name, email address and shipping address to Jim. Send no money now. You will be notified when the car is ready to be ordered.

## Worlds Greatest Hobby Tour in Tampa March 20, 2011

Southern Division members volunteered their time at the Worlds Greatest Hobby Tour in Tampa on March 20, 2011, by hosting a table with an operating layout. Members of the general public were able to see the trains running and meet Southern Division members. Lionel executives generously donated the CSX freight set. **Photo Right:** a crowd watches the Southern Division layout in action. **Photo Below Left:** left to right: Steve Harris, Charlie Anyan, Linda Harris, and Mike Powell. **Photo Below Right:** Steve Harris with some future engineers.

# Night at the Museum Photos, January 28, 2011

Barry and Rick, owners of the Tampa Bay Train Museum were kind enough to host an open house for Southern Division members on January 28th, 2011. Members were treated to an exciting S gauge layout with numerous "accidents" and other interesting and unusual scenes (see pictures below).
